

# TRIBAL NATION GRANT FUND

The Tribal Nation Grant Fund (TNGF) is a fund of tribal dollars created through many of the California tribal-state compacts for the purposes of effective self-governance, self-determined community, and economic development.

Eligible purposes or projects may include, but are not limited to, development of curricula in a tribal language or culture, housing, support for compliance with the federal Indian Child Welfare Act, vocational training, community development, investments in tribal schools and colleges, support of tribal government institutions and tribal courts, nongaming economic diversification, or investment in public health, information technology, renewable energy, water conservation, cultural preservation or awareness, educational programs, or scholarships.
